**2007/2008 Price List**

Thank you for your interest in our mountain grown herb products. Our transplant rootlets, listed below, will be available to ship between September and March. If you would like to reserve an order, or if you should have any questions, feel free to contact us.

NOTE: We respect the preservation of our endangered plant populations in the wild. The forest based medicinal plants listed above are rescued by products from our ginseng bed preparation or are actively cultivated on our forest farm.
